

Congratulations on your upcoming wedding at St. Henry Catholic Church!

The sacredness of your wedding will be enriched and enhanced by your selection of music. The prayerful atmosphere created by the liturgical music will speak to the uniqueness of each part of the Liturgy. We are here to assist you in choosing selections to best coordinate your musical desires with the appropriate liturgical music.

The Sacrament of Matrimony is patterned after our Sunday Eucharistic Liturgy. In keeping with this sacred atmosphere surrounding our act of worshipping God, "pop" songs and music from movies or theater are considered inappropriate and best reserved for your reception. The music ministry at St. Henry's usually provides the music for our wedding liturgies. We offer an outstanding group of vocalists, instrumentalists, and soloists, who are very well trained, experienced and extremely familiar with the Church's Liturgical Guidelines.

Guest musicians are welcome with prior approval of the St. Henry Music Director. The list of songs must be submitted to the Music Director for approval four weeks prior to the wedding date.

I am happy to schedule a meeting to help you with your selection of music. On the parish website under the Music Ministry tab you will find suggested music and sound files to assist you in the process. Please complete the information below and return to the music director no later than six weeks before the wedding.
